# DRE Adventure Academy

- › **DRE Adventure** is the DRE experience for adventuring enthusiasts who wish to improve their on and off-road riding skills by experiencing the qualities of Ducati bikes, in particular the Multistrada V4.
- › Evolution of the DRE Enduro, this new format offers a teaching of the highest level that will provide participants with the opportunity to discover the secrets of the adventuring world: from the right position on the saddle, to learning the most effective riding techniques, up to aspects such as the correct loading of bags and the replacement of a damaged tire.

- › The **program** of the DRE Adventure course is divided into two days. The first is dedicated to the contact with the bike and the performance of technical exercises to gain the right confidence in off-road driving, while the second day includes a tour with both on-road and off-road sections, which immediately encourages participants to put into practice what they have learned in theory.
- › Participants will have the opportunity to rent technical clothing directly from the purchase platform.

- › The **Castle of Nipozzano**, in the province of Florence, owned by the family of the Marquis de Frescobaldi is the perfect location for a unique experience, combining the pleasure of driving on the roads of Tuscany with its breathtaking views and the discovery of local food and wine.
- › At lunch and dinner, it will be possible to taste a variety of traditional Tuscan dishes prepared with top quality ingredients and accompanied by a selection of wines produced in the Frescobaldi family's estates.
