Ducati Riding Academy

- › **DRE Racetrack:** the DRE course for those who want to experience the thrill of the track.
- › Five courses, for different levels of skill and performance, coordinated by Dario Marchetti, pilot, instructor and DRE Technical Director. From Track Warm Up, for the "baptism of speed", to Track Evo and Track Master, to improve driving technique and speed.
- › Finally, the Racetrack One to One, which is divided into two categories: One to One V4, on Panigale V4, and One to One V2 on Panigale V2 Bayliss 1st Championship 20th Anniversary.

- › Whether you want to learn the correct riding techniques from our instructors, whether you already have an advanced level and want to test the range or a specific Ducati model, **DRE Road** is the course for you.
- › The course allows you to try out the entire new Ducati range (with the exception of the Panigale) and practice with different models, discovering the qualities of each one and the latest generation Ducati safety systems.

- › **DRE Rookie** is the DRE Academy course dedicated to young bikers, aged 18 to 24, and to those who drive derated bikes in possession of an A2 license.
- › The team of professional instructors will teach participants the tricks of real riders to acquire, develop and improve a ride that is safe and fun.
