# Ducati Riding Academy

- › **DRE Racetrack:** the DRE course for those who want to experience the thrill of the track.
- › Didactic, fun and adrenaline combine within different courses depending on the level of experience: Track Evo, Track Evo2 and Track Master. The Panigale family is the great protagonist of this format, with Panigale V2 for the Track Evo courses, Panigale V2 Bayliss 1st Championship 20th Anniversary for Track Evo2 and Panigale V4 S for Track Master.
- › Finally, the Racetrack One to One, which is divided into three categories: One to One V4 SP2, on Panigale V4 SP2, One to One V4R on Panigale V4R and One to One SL on Superleggera V4.

- › The **DRE Track Warm Up** is the big news of the 2023 season. The course becomes autonomous from the DRE Racetrack and focuses on riders who wish to learn the basics of riding between the kerbs. The format begins with a theoretical briefing followed by a series of exercises in the paddock.
- › The subsequent on-track training is divided into five sessions; the first is a warm-up lap to familiarize with the track while riding one of the models intended for DRE Road. The following four sessions are instead carried out with the Panigale V2, the ideal Ducati for a track debut.

# Ducati Riding Academy

- › Whether you want to learn the correct riding techniques from our instructors, whether you already have an advanced level and want to test the range or a specific Ducati model, **DRE Road** is the course for you.
- › The course allows you to try out the entire new Ducati range (with the exception of the Panigale family) and practice with different models, discovering the qualities of each one and the latest generation Ducati safety systems.

- › **DRE Rookie** is the DRE Academy course dedicated to young bikers, aged 18 to 24, and to those who drive derated bikes in possession of an A2 license.
- › The team of professional instructors will teach participants the tricks of real riders to acquire, develop and improve a ride that is safe and fun.
