

Dear President

We hereby inform you of the measures that we have put in place on the occasion of the emergency created by the Corona Virus.

We contacted the managers of the Italian and International Motorcycling Federation, and together with them we identified the new dates: from 13 to 19 September. We thought about the month of September because from information taken by experts in the medical sector, it seems that the next increase in climate temperatures as summer approaches, should completely eliminate the efficiency of the virus.

We want the Motogiro d'Italia to be an unforgettable moment for those who participate, a unique holiday to always remember, a moment of common happiness, but it must take place in complete safety and serenity, both for the participants and for the organization. As you know, the Moto GP has not been carried out in Qatar and there is talk of postponing the Austin Grand Prix in Texas as well, these events will have to be made up later.

We are contacting the hotels we have booked and to which we have already paid substantial advances for the booking since some time, to understand if the down payments can be used on the new dates we will indicate and hoping that the penalties they will apply to us, with respect to the contracts done, are not very high.

Everything that has been paid up to now will be considered in full in the new dates, and even if the hotels ask us for substantial penalties, these will never burden the participants.

As soon as we had confirmation of the new dates from the bodies in charge, we took care to send this press release to inform you, so those who have already booked flights for the event will be able to request a refund of the amount from the airlines, and then make reservations for new dates. We already have everything ready today, as if we were to leave tomorrow, the reconnaissance of the route has been carried out and the road book has been complete for a long time, the contacts with the Municipalities of the stage locations have been made directly and all the agreements relating to the welcome, the celebrations, the arrangements for arrivals and departures are defined.

Anyone wishing to register can do so safely today without paying any amount.

We will notify the individual participants when it is time to make payments.

Thanking you for your collaboration and understanding, I send you my best regards.

The organization manager

Massimo Mansueti
